January - March 2009	53	24	23

These surveys were conducted on the telephone by trained interviewers among voters throughout South Australia. Telephone numbers and the person within the household were selected at random. The data has been weighted to reflect the population distribution of South Australia. The latest survey is based on 876 interviews. The maximum margin of sampling error is plus or minus 3.5 percentage points. Copyright at all times remains with NEWSPOLL. More poll information available at www.newspoll.com.au
