September - October 2008	45	27	28

These surveys were conducted on the telephone by trained interviewers among voters throughout Victoria. Telephone numbers and the person within the household were selected at random. The data has been weighted to reflect the population distribution of Victoria. The latest survey is based on 1,134 interviews. The maximum margin of sampling error is plus or minus 3 percentage points. Copyright at all times remains with NEWSPOLL. More poll information available at www.newspoll.com.au
