These surveys were conducted on the telephone by trained interviewers in all states of Australia and in both city and country areas. Telephone numbers and the person within the household were selected at random. The data has been weighted to reflect the population distribution. The latest survey was conducted on 13-15 January 2006 and is based on 1,200 interviews among people aged 18 years and over. The maximum margin of sampling error on the total sample is plus or minus 3 percentage points. Copyright at all times remains with NEWSPOLL. More poll information is available at www.newspoll.com.au
